ABOUT ME

I am a third-year Software Engineering student with a strong interest in software development and AI-integrated web applications. I have practical experience with multiple programming languages including C++, Java, Python, and PHP, along with database technologies such as SQL and PostgreSQL, and modern web technologies including HTML, CSS, JavaScript, React, and Node.js. I have developed several academic and project-based systems and completed certified courses related to programming and software development. I am experienced in using GitHub for version control and collaborative development, and I am a motivated and disciplined learner seeking internship or entry-level opportunities to apply my technical skills and continue growing as a professional software developer.

WORK EXPERIENCE

STUDENT – 22/10/2023 – Current – DEBRE BERHAN, ETHIOPIA

Address: Debre Berhan, 0000, Debre Berhan, Ethiopia

Position: Student Software Engineering

Dates: 2023 – Present

Organization: Debre Berhan University

Country: Ethiopia

In this role, I have designed and developed multiple academic software applications using Java, C++, and Python, focusing on practical system implementation and problem solving. I have built management and booking systems with full database integration and developed AI-integrated and web-based applications using HTML, CSS, JavaScript, React, and Node.js. I have implemented relational databases using SQL and PostgreSQL for reliable data storage and retrieval, and I regularly use GitHub for version control and collaborative development. Throughout these projects, I have applied software engineering principles including system design, testing, debugging, and technical documentation.

EDUCATION AND TRAINING

22/10/2023 – CURRENT Debre Berhan, Ethiopia

HIGH SCHOOL GRADUATE Debre Berhan University

Website <https://www.dbu.edu.et> | **Field of study** Software Engineering | **Level in EQF** EQF level 4

LANGUAGE SKILLS

Mother tongue(s): **AMHARIC**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	C1	B2	B1	C2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● SKILLS

soft skill | communication skill | programming skill | Time management | - Problem-solving | engineering principles | Microsoft Word | Microsoft Office | Microsoft Excel | understand spoken English | JavaScript

● PROJECTS

kids-website-for-learn

A simple and interactive learning platform for Ethiopian children, designed to support early reading, writing, and basic knowledge. The website includes alphabets, numbers, stories, games, and voice assistance, all built using HTML, CSS, and JavaScript.
